San Francisco, Ca – Founder David Feinstein of Closets & Kitchens Van Go announced today that his company will be partnering with The Sliding Door Company to open a new joint showroom at 680 8th St, Suite 163, in San Francisco. Closets & Kitchens Van Go (<http://www.ckvango.com>) is an innovative kitchen and closet design/remodel company that offers a host of cabinetry for home and kitchen, countertops, and closet organizing solutions. Its mobile showroom services the entire Bay Area, offering consumers the convenience of finding high quality [Bay Area kitchen](#) and closet services locally. CK VANGO's main office and manufacturing facility is in San Rafael, with affiliate locations throughout the Bay Area.

Closets & Kitchens Van Go offers complimentary in-home consultations via their mobile showrooms. With the help of one of CK VANGO's knowledgeable designers, clients can create their own kitchen or closet design, and fill it with all the right accessories to address their individual needs. Closets & Kitchens Van Go offers locally made cabinetry with quality craftsmanship, along with building & construction services for almost any type of home improvement project, all very competitively priced.

David Feinstein, President of Closets Van Go & Kitchen Van Go, was asked "Why Partner with The Sliding Door Company?" Feinstein explained "It's a very organic fit. The Sliding Door Company offers products that work so well with what we do. We both believe in using environmentally friendly materials. Their line of unique door options and room dividers complement our cabinetry and organizing systems. The showroom really highlights how beautifully we work together!"

Consumers will now have access to a wide variety of creative solutions for up-and-coming home improvement projects. The new joint showroom in San Francisco will allow potential customers to set private appointments with the showroom's representative - Closets & Kitchens Van Go's senior designer, Manon Demers. The official grand opening for the showroom is slated for May 5th, 2010. [San Francisco kitchen design](#) and [Bay Area kitchen remodeling](#) enthusiasts are encouraged to attend.
