St, Petersburg, FL- April 15, 2010 -Grand ISS is pleased to announce that the Tampa Bay Area business community will be welcoming Ret. Lt. Gen. Russel L. Honoré who will speak on the importance of "Leadership and Preparedness in the 21st Century." The dinner event will be held at the Centre Club, 123 S Westshore Blvd., Tampa, Florida on Thursday, April 22, 2010 from 5:30-9:00 pm; those attending will receive a personalized autographed edition of the General's recent book, "Survival." The proceeds from the speaking engagement will go to The Fisher House Foundation and the Red Cross who support our wounded warriors and their families.

Over a 37- year US Army career, General Honoré oversaw the training and deployment of over 500,000 military service members. He became a familiar face in 2005, when he commanded Joint Task Force Katrina.

Today he is a powerful American voice offering thought-provoking commentary on the merits of leadership and preparedness.

"The evening should prove to be a memorable experience," said Ralph V. Frasca, Jr., CEO of Grand ISS. "The good General is a champion of disaster readiness. He will share his know-how to best prepare to stay safe and secure– a message that benefits us all. It is an honor to our community to have this opportunity to hear from General Honoré, and at the same time pay tribute to America's military heroes and raise money for those who have sacrificed."

This is a must-attend charity event for the Tampa Bay Area community. For more information, please call The Centre Club at 813.286.4040 or [Click Here For Details!](#)
