Come another long summer day, when I was thinking how to pass long and hot summer vacation, now it was so exciting that Louis Vuitton Cosmic Handbag series come up featured on Vuitton store. If you are still preparing the accessories for your beach vacation, the louis vuitton accessories from cosmic collection are definitely something unmissable, for these would make your vacation more stylish, interesting and delightful. The cosmic handbag is just one of the members giving you splendor from beach to city.

Available in fresh rose, blue and violet, this louis vuitton tote is interpreted with its iconic monogram and takashi murakami's creative smile prints. Especially in summer days, the vivid, bright colors and designs would bring you incredible pleasant mood. The eclentic mix of cosmic blossom vivny and a vintage louis vuitton trunk label gives this generous tote a vibrant charm while the patent leather trimmings and golden brass details accent up its sumptuousness and modernity.

Of course, as a tote for beach vacation, it must be of great practicality. it provides a roomy capacity for your personal belongings. Open through the zip top shows interior zipped pocket and two flat pockets to separate your small accessories such as cell phone, sun cream, sunglasses etc while the cotton canvas vintage-inspired lining still illustrates its high quality. welcome to our blog for hot and new Louis vuitton review onwww.louisvuitton-review.com or Top brand name handbags reviews on www.topbrands-review.com
