Bay Area Jewelry Designer and Wardrobe Stylist, Lisa Deane, launches Spring/Summer 2010 Collections with her personal line of jewelry, Lisa Lebow Designs ([www.lisalebowdesigns.com](http://www.lisalebowdesigns.com)). The collections are filled with charm bracelets, necklaces and earrings that combine semi-precious stones with sterling silver, gold vermeil and leather for the fashion savvy woman.

Lisa's trademark style has an air of femininity with a slightly urban edge. The 2010 Spring/Summer Collections continues this signature style with the debut of the designers Inspirational [Jewelry](#) line which expresses her spiritual side with several designs featuring the lotus flower, Buddha, hamsa

and other inspirational symbols that appeal to women of all faiths and beliefs. This is sure to be a hit with this emerging designers brand as already there is quite a bit of buzz circling these new designs.

When asked about her design inspiration, Lisa replies, "[accessories](#) should have no rules or boundaries." I design for the woman who, like me, might wear pearls to work during the day and go all Rock and Roll glam on the weekends; a woman who likes to convey style with her jewel adornments, but doesn't want to necessarily conform to one 'look' everyday."

In the words of fashion icon Coco Chanel, "Fashion is not something that exists in dresses only. Fashion is in the sky, in the street, fashion has to do with ideas, the way we live, what is happening." With this in mind, Lisa's designs reflect her experience as a Wardrobe Stylist where she translates trends into practical, everyday style for her clients. The designer/stylist feels its imperative that a woman is inspired to express herself at every moment in time, whether it be in her casual attire going to a black tie affair.

This inspiration is clearly defined in Lisa's designs which cover a wide spectrum, from simple and sophisticated to Rock and Roll glam. For all the fashionistas, for day or night, work or play, there's sure to be a Lisa Lebow Design to fit a woman's every mood.
