Industry: [Real Estate](#)

CAPE TOWN, South Africa (13 July 2010) – Betterhomeguide.com, a website providing [home and garden information, tips and consumer advice](#), announced the release of a free iPhone application. The **Better Home Guide** app provides the user with useful information about a variety of home and garden topics, including tips and advice about appliances, remodeling, outdoor and patio ideas, furniture, the kitchen, heating, and more.

Zelda Gouws, editor at Betterhomeguide.com, says the application puts useful information at the fingertips of consumers. "Content and articles are added regularly, providing a valuable source of information for research, or as a

handy reference guide for the home and garden."

Better Home Guide is the latest in only a handful of [home and garden information iphone applications](#) available in the app store.

With Better Home Guide a user can browse content by category, search by keywords, or view the latest content. The app has an intuitive interface, making use of the iPhone's powerful capabilities and features. The free application provides the following functionality:

- **Browse Content** – Explore articles by using a simple category tree
- **Search for Content** – Find specific information by using the search functionality

- **View Latest Content** – View the newest additions to the growing selection of articles

Better Home Guide was developed by [D4DR Media](#). More information and a link to the app store download can be found at www.betterhomeguide.com/iphone/.
