London, 20th July, 2010: After months of speculation and rumours circulating, the official announcement has been made: Take That are back together again, with original band member Robbie Williams rejoining them for a collaboration on a new album and soon-to-follow tour.

Viagogo have announced two current tour dates in London and Italy. Currently, there is no release date for when they will be on sale. However, anxious fans can sign up for alerts about the [tickets](#), which immediately inform them of the news before anyone else. This is a sure way of bagging a ticket to the music event of the century.

Take That's earlier tours were all instant sell-outs and met with increasing demands for more shows. This soon-to-come spectacular event will be no exception. As of yet, there are no details about what fans can expect from the 2011 tour. This just makes the speculation and anticipation increase further, as music lovers worldwide await the return of their idols.

One of their biggest releases as a group was the greatest hits album "Never Forget", which also came out as a special DVD set. It contained the number one hit single "How Deep is Your Love", which was also their only number one in the US, and "Back for Good", which features Robbie Williams's last appearance with the band in a music video.

Despite being down one member, the remaining four - Jason, Gary, Mark and Howard - returned in 2006. This turned out to be a wise move, and they have had a lot of commercial success since. A number one album, single, and sell-out tour quickly found them reliving their past success. The demand for [Take That tickets](#) is now higher than ever before.

A brand new album is now set to hit shelves in time for the Christmas rush. The producer behind the predicted Christmas number one album is Stuart Price. Price has already worked with Madonna and similar big names.

An announcement is due soon for the exact album date and official tour dates. In the meantime, Take That are busy planning both musical treats, while the rest of the world waits patiently to witness what great accomplishments this reunion will reveal.
