Manchester, 6th August, 2010 - It may not be well known, but Luther King House Conference and Accommodation Centre is a fabulous location for a wedding ceremony and reception.

The peaceful conference rooms can be combined with the private courtyard gardens and overnight accommodation to make a wonderful venue for a quiet and tasteful wedding. The [Manchester bed and breakfast](#) offers catering, overnight stays for the bride and groom, and exclusive use of the dining room. Along with these services, the sweet cherry trees that bloom every spring and the fountain in the courtyard make this a lovely setting for weddings.

There is an on-site chapel where the ceremony can be performed, which makes for a fluid transition from the wedding to the reception. This means you will have more time to spend with family members and to take those cherished photos.

Importantly, the reception staff works closely with each couple, personalising the dinner menu and providing places to stay for out-of-town guests. The Manchester bed and breakfast has 45 rooms that come with tea services, free internet and cable television. Also, there are plenty of free parking spaces for those travelling by car. It is also easily accessed by public transport.

When it comes to [meeting rooms Manchester](#) B&B Luther King House offers a tranquil, local alternative to the hotels of the city centre. The centre is a great place for those looking to be close to Manchester city centre yet in peaceful surroundings.

The only thing the bride and groom have to do is ask when the cherry trees blossom.
