

MyDubaiInfo Launches A New Booking System

Released on: September 08, 2010, 5:46 am

Author: Mydestinationinfo.com

Industry: [Travel](#)

MyDubaiInfo, leading travel and information website, has announced the launch of its new booking engine, which will allow visitors to the website to book hotels, flights, and rent a car, all with instant confirmation.

Among the numerous new features offered by MyDubaiInfo to travellers to [Dubai](#), there is an innovative reservation system, which gives visitors the opportunity to book from more than [350 Dubai hotels](#) and resorts, whether it is for hotel only, hotel and flight, and/ or car rental.

The new booking engine provides information on the availability and prices which are visible throughout the booking procedure and as soon as a choice is made, the confirmation is done straight away. Additionally the MyDubaiInfo booking engine will also now show accommodation options in more detail, providing additional information on the hotel and its amenities as well as large photos, informative text, 360 degree Virtual Tours and directions for driving.

The new booking engine has been designed so that every holiday can be as tailored as the visitor requires, with the ability to simply book a hotel room for a night, through to creating a full holiday package which includes the hotel, flights, car rental, trips and [tours in Dubai](#) as well as reserving seats in many of the wonderful [Dubai restaurants](#) available. And this can now all be carried out online from the comfort of home whilst MyDubaiInfo also ensures the visitor gets the best prices possible.

As Dubai's local travel guide, MyDubaiInfo is an invaluable source of independent information, and the reservation system is a great extra tool, which completes the user's experience within the site. Using leading edge technology and techniques, and through close collaboration with the leading full search agency Bigmouthmedia, MyDubaiInfo ensures that both clients and advertisers get excellent design, excellent marketing, and excellent customer service. The integration of the booking engine forms an important stage in MyDubaiInfo's efforts to improve the site through a series of innovations.

About

MyDubaiInfo.com

MyDubaiInfo is part of the award winning MyDestinationInfo.com global network of travel sites. Focused on providing local knowledge and detailed information for visitors to Dubai, MyDubaiInfo includes a comprehensive Restaurants guide, a list of numerous luxurious hotels and resorts, an up-to-date events calendar, as well as great offers on desert safaris and aqua adventures.
