"Marriages are made in heaven but celebrated on Earth."

True to its every alphabet, this popular adage very much summarizes the meaning of marriage as the union of two different souls for remaining life. But in most cases, this union is preceded by string of interesting incidents. Engagement or getting proposed by your soul mate is one such incident. Why interesting? Because it is not every day that you find yourself getting proposed for marriage by someone whom you love from the core of your heart.

Interestingly, clichéd it may sound but the fact remains the same – every young girl dreams of a fairytale romance. They go weak on their knees when it comes to their Prince Charming. And The Most Romantic, Crazy and Funny Engagement Story Contest is the perfect chance for such girls to share the most private, nervous and probably, the most interesting moments which later became a memorable chapter of their lives.

Sponsored by Best for Bride, the one-stop bridal store, the contest is a conscious attempt to let couples share their memorable moments with the world and inspire other people on how they can propose the one whom they love.
