Industry: [Automotive](#)

Notts County midfielder, Ben Davies, has been named the club's first player of the month for his performance throughout September. Ben, 29, picked up his prize, a luxury Co-operative food hamper, from the Club's preferred car supplier, The Co-operative Motor Group, one of the leading [car dealerships](#) in the UK.

A prestigious award for any footballer to receive, Davies was nominated by the club's coaches, and voted for by the fans, Ben has so far this season scored seven goals including a brace against high-flying Peterborough United. He joined the club in 2009 and has since been an outstanding contributor to the team's success. Player of the Month awards that are decided by fans often mean so much to players as it is those that come to support the team each week that have recognised the efforts that Davies has put in during September.

He said: "I am delighted to claim the award from the Co-operative Motor Group. It's always an honour to receive awards like this and now I am looking forward to carry on that form throughout the winter months and help Notts climb up the table."

Gary Dighton, Dealer Principal at The Co-operative Motor Group's, dealers in a range of [used cars](#), Haydn Road site in Sherwood, said: "Ben is a popular player so we're delighted to present him with the award supplied by our colleagues in the Food business.

"As local Co-operative businesses we feel it is important to support the club and look forward to developing our relationship going forward."

-Ends-
