

# ezW2, Powerful and Affordable W2 1099 Printing Software for Year 2011 Tax Season

Released on: January 10, 2011, 5:59 am  
Author: Casey Yang/ [halfpricesoft.com](http://halfpricesoft.com)  
Industry: [Accounting](#)

*ezW2 2010 w2 1099 software is designed for the non-accounting small business owner or manager who needs affordable but fully functional w2 1099 software. The latest version can print two forms on one page, significantly reducing red form costs.*

Thousands of users love this 1099 W2 preparing, importing and printing software because **ezW2** is simple, reliable and affordable. While halfpricesoft.com's focus has been on small to mid-sized businesses, ezW2 software is also welcomed by accountants because of its flexibility to support data importing & exporting, pdf conversion and unlimited accounts.

Halfpricesoft.com, the provider of business payroll tax software solution, is proud to announce the launch of the new ezW2 2010, a simple, powerful and affordable w2 1099 software which was designed for small businesses and accountants.

*"Small business owners shouldn't be spending hour after hour setting up and learning to use payroll tax software," said Halfpricesoft.com founder Dr. Ge. "We designed ezW2 to be powerful, yet simple, so*

anyone can use it, and ezW2 2010 is the most easy-to-use version to date."

Founded in 2003, **Halfpricesoft.com** has established itself as a leader in meeting the software needs of small businesses around the world with its payroll software, employee attendance tracking software, check printing software and W2/1099. It continues to grow with its philosophy that small business owners need affordable, user friendly, super simple, and totally risk-free software.

The screenshot displays the ezW2 2010 software interface for Form 1096. At the top, there are print settings for horizontal and vertical orientation. The main form area is titled 'Annual Summary and Transmittal of U.S. Information Returns' for the year 2010. It includes fields for the filer's name, address, contact information, and tax-related data. A grid of checkboxes allows for selecting the type of form being filed, with '1099-MISC' selected. The interface also shows print options and a signature line.

The new ezW2 2010 software is more user friendly and powerful than before with form level help button and PDF conversion feature, which allow users to convert the form 1099's and W-2's into PDF format documents. Then user can email them to recipients and employees.

### **ezW2 2010 saves money and time for small businesses in the following key ways:**

- (1) ezW2 2010 can print 2 forms on one red form sheet - using half as many expensive red form sheets
- (2) ezW2 2010 eliminates need for W2 Copy A and W3 by laser printing Social Security Administration-approved substitutes on plain white paper
- (3) Users save valuable time by eliminating the learning curve - ezW2 2010 is designed to be simple and intuitive, allowing users to get

started right away

(4) Users save valuable time by importing employee data and contractor data from csv file - no need for users to enter the data one by one.

(5) Users save even more time by saving form data for later use and modification

(6) Support unlimited accounts

(7) Support PDF feature

(8) From \$39, ezW2 is among the lowest priced, full-featured software available for small businesses.
