*With both Rainbow Riches slot games attracting so much attention from all quarters of the gaming sector, a group of Irish Slots fans are bringing out a new site focussing on the playing strategies for these great slots.*

WagerWorks have really managed to get the formula right with both of their fantastic Rainbow Riches slot games. Pots of Gold, the first slot in this series was an absolute stormer in both the online and land based casinos, with Win Big Shindig following shortly after to offer players a chance at the bigger prizes. Not everyone in the gambling world is totally familiar with these Irish themed slot games and how to play their reels. However help is at hand for these uninitiated and amateur players in the form of a new Rainbow Riches strategy site.

Site editor, Catherine Van Bommel told us "punters are always looking for anything that can give them an edge on these great slot games. Our site is put together by a team of experts who not only have got a wealth of experience on how to [\*\*Play Rainbow Riches\*\*](#) titles, but also knowledge from years of in depth slot play"

Rainbow Riches Play doesn't only give you the very best playing guides and advice on how to get the most out of the Rainbow Riches slots, advising on which slot is the best for which budget and playing style, but they also go the extra mile and use some of their considerable expertise to recommend the very best online casinos where you can

try both Pots of Gold and Win Big Shindig for real or free play. Martin Edward, one of the review team told us "we do want to ensure that we give the very best advice on how to play the Rainbow Riches games, but we also want to make sure that our readers get the very best casino experience from the best online operators, hence we only feature the safest, most reliable internet gaming houses on our site"

The good thing about this site is it's in its infancy, the slots world is its oyster, well the **[Rainbow Riches](#)** fraternity certainly is. If you need advice on where to play the famous land based casino, then look no further than this great little new site today.
