

Black Prophecy Joins IGXE Family

Released on: April 01, 2011, 1:42 pm

Author: [IGXE](#)

Industry: [Entertainment](#), [Internet & Online](#)

Here is a great news to Black Prophecy's fans. As one of the biggest trader among virtual currency market, IGXE decide to add Black Prophecy Gold to sell list before other trade platforms.

Black Prophecy is a free to play fast-paced 3D real-time combat space MMO with state of the art visuals. Both the Player-versus-Players combat and an exciting storyline in a rich universe are important aspects of the game. It's focussed on fast and exciting real-time combat space battles. Many experts regard Black Prophecy as the second Eve Online due to the background and story of Black Prophecy is almost seemed as the former. "There is no doubt that success of Eve Online made a contribution to Black Prophecy's development." Said Harry, professional MMORPG player. Shortly after the launch of the European version of Black Prophecy, the U.S. closed beta has been officially started and that the first thousand invites have been sent out. It can believe that Black Prophecy as a new blood of combat space games will certainly start a warfare wave in the MMOPRG world. With the officially started days is fast approaching, IGXE has already got ready to welcome this black storm due to Eve Online had enriched experience to deal with these difficulties. A series products related to Black Prophecy will launch at MMOXE follow the step, such as CD Key, expansion pack, game currency just like [WoW Gold](#) and even power leveling service.

As an 8 years reliable trader IGXE always provide various products to customers, such as **WoW Gold**, [Warhammer Gold](#), [Rift](#)

Gold, lineage 2 adena. [EQ2 Plat](#) always has pretty sales at IGXE, it takes secondary position for a long time. Mr. Vinson, the supervisor of market department says, "We can predict that Black Prophecy Gold will get an outstanding achievement through the performance of Eve Isk." EVE is a massive multiplayer online game (MMOG) set in a science-fiction based, persistent world. Players take the role of spaceship pilots seeking fame, fortune, and adventure in a huge, complex, exciting, and sometimes hostile galaxy. The game was released in May 2003, it is set in part of the universe that is currently unknown. The game world consists of about 5,000 solar systems.

To be the most comprehensive trader of virtual currency market is the target IGXE makes efforts to reach. There will be lots of new products launch at IGXE this month. MMORPG fans may go to IGXE face book or twitter to follow the latest update.
