The AACD is dedicated to advancing excellence in cosmetic dentistry and encouraging high standards in patient care. The American Academy of Cosmetic Dentistry Charitable Foundation's (AACDCF) mission is to assist in rebuilding the lives and dignity of survivors of domestic violence through compassionate cosmetic dental services and support programs. Our program provides restorative and cosmetic dentistry in the smile zone at no cost to qualified survivors through our nationwide network of volunteer cosmetic dentists and our support team of laboratories and dental manufacturers. Similarly, Medelita also holds elevated standards in providing professional, sophisticated, technically advanced apparel to the dentists, physicians, and surgeons they serve. Thus, the affiliation is a synergistic fit.

AACD members are able to choose from four dental-specific lab coats, or from seven additional lab coats and multiple colors of men's and women's scrubs, all visible at [www.medelita.com](http://www.medelita.com). In addition to lab

coats and scrubs, Medelita offers the very best clogs available to healthcare professionals. Medelita not only provides the essentials, but specifically designs dental-specific lab coats with cuffed sleeves and optional closure to the neck. By following OSHA recommendations for garment construction, and combining those features with quality construction and Advanced Dual Action Teflon® performance fabric, members appreciate Medelita as a thoughtful uniform ideal for dentists.

Members of the AACD will receive a 10% discount on all purchases made through Medelita by entering the promotional code GBSMILE. In addition, with every purchase made, Medelita will donate 5% to the Give Back a Smile Program. This program founded by the AACD was developed in recognition of addressing the needs in the communities of AACD members.
