UNBELIEVABLE!

"ON STAGE at the Metropolis Ballroom," is a series of planned live entertainment all-ages events already scheduled through the end of the year. "We are thrilled to bring top level national talent to Arlington Heights," said Thomas W. Manetti, president of the Metropolis Ballroom of Arlington Heights. "We already have exciting events planned through fall, and the prospect of bringing the best in up-and-coming American musical artists for the enjoyment of the neighboring community is very exciting.

Also, my goal is to be able to utilize these events as an outreach for local area youth who are interested in the performance arts." We plan

to feature youth talent to open our all ages concerts, and donate to the school, church or organization from which they came. We also look to introduce young bands from the local area and original music. Youth interested in performing ON STAGE at Metropolis Ballroom are encouraged to go to the website for additional information
