Whether you are a lover of the iPhone or not we have all heard about the amazing puzzle video game Angry Birds. People everywhere are playing this highly addictive game and can't seem to put it down trying constantly to get to the next level and beat their friends and family. For these Angry Birds lovers there is a wide range of products available which can involve any type of fan with the game.

Angry birds was first released in December 2009 and since then has sold over 12 million copies of the game showing it to be quite a phenomenon. In this loveable game, gamers use a slingshot to launch birds at pigs stationed on or within various structures, with the intent of destroying all the pigs on the playfield. The further a player gets through the game the more abilities can be activated. Now the world's most favourite gaming app has gone from virtual to real life for all the addict gamers out there. Fans can now be more involved with the game by owning the amazing Angry Birds plush soft toys available from Menkind. These can be great for individuals or even the perfect [gifts for him](#) or her.

The Angry Birds Plush Soft toy is a cuddly toy measuring around 4 inches that even makes the same angry squawking sound as the real thing, except of course the Pig which makes an "oink" sound. Gamers can collect all 6 and have their own real life game of angry birds that will entertain them for hours. With Father's day approaching this would be perfect for anyone looking for [fathers day gifts](#) or the perfect present for the man in their life.

Not only can gamers get their hands on these amazing Plush soft toys but Menkind are also offering Angry Birds covers for the iPhone. For anyone that loves their iPhone and loves Angry Birds this is the perfect product! These cases are made from tough plastic and available in red or yellow so anyone can choose which is best suited to them.

The world famous app game will be able to go everywhere with the gamer not only in the app but displayed on their iPhone case. The case also protects the back and sides of your phone from any bumps or drops so not only is it enjoyable, it's practical too. Plus the super snap-on design clips onto your iPhone and gives you total access to your iPhones ports and controls thanks to "cut-outs" in the shell. It also gives access to the phone's features such as camera with flash, volume and silence switch and the dock connector on the bottom.

So for all those Angry Birds lovers out there, their love doesn't have to stop with the game and they can be more involved than ever with the help of these fantastic products - all available from Menkind.
