

Online Travel for Kenya Safaris Packages and Tour through Cruzeiro Safaris

Nairobi, Kenya, January 11, 2016 — /EPR NETWORK/ — The Outstanding beauty of Kenya is well known and it continues to attract tourists in large numbers. From the savannah in the south, the deserts of the north, to Lake Victoria – the second largest fresh water lake in the world in the west, the tropical beaches in the east and the snow capped peaks of Mount Kenya is evidence that Kenya has a great variety to offer to visitors.

Nairobi City Tours

In game parks and reserve one is likely to view the elephant, the rhino, the buffalo, the leopard, the lion, the hippo, and crocodile. Giraffes numerous species of antelopes and birds can be viewed almost all year round. Indeed, Lake Nakuru is the largest ornithological spectacle in the world and the home to the world famous flamingo.

The leading Tours Company Cruzeiro Safaris limited has many of these tours available in their own booking platform and other distribution platforms throughout the world. One should take time to study the tours carefully that are very enriching in every aspect of the tours component found anywhere in the world. Starting from [Nairobi City Tours](#), [Tours from Mombasa](#), [Kenya Safari Packages](#), [Tanzania Safari Packages](#) and [Rwanda – Gorilla Safari Packages](#). There

are also GREAT wildlife combinations from Kenya to Tanzania. Let the company know where one would like to visit or travel, for one to realize your safari dream in 2016 and 2017. One can also use [Contact US](#) form, to make any enquiries to Kenya, Tanzania and Rwanda.

The White rhino, the waterbuck, the gravy zebra, baboon, hyena, warthog, pelican and several others are available, making the country one of the most visited in the region.

Kenya is rich in traditional dishes and varieties depending on the region. Maize and its various products, forms the staple for upcountry regions while rice is the main dish in the coastal region. The Maasai eat a lot of meat, while communities living in the Rift valley consume a lot of milk.

Among Kenyans, culture is one of the crucial factors in defining their music. Instruments used for traditional music includes the African drum (ngoma), a variety of rattle and shakers, small harps, the Wandindi and the Nyatiti. The popularity of music, both local and international spiraled in Kenya particularly in the 1960s with the arrival of independence and the electric guitar.

The most items of art and craft are found in almost all parts of the country at galleries or shops. They include Masai bead jewellery and figurines, music instruments, gold and silver jewellery, soap stone sculptures, wooden carving, tribal masks and paintings as well as batiks and kikoys – (a traditional wraparound “kanga” used mostly by women).

There are two rainy seasons, the long rains from April to May and the short rains in September and November. The National Language is Kiswahili and the official languages are Kiswahili and English. Indigenous languages are also widely spoken and vary depending on region.

Kenya's varied Landforms, seascapes and landscapes give the country its unique climate, beauty, identity, culture and heritage. These include the coastline, coral reef, fresh water and salty lake, savannah grasslands, snow-capped mountains peaks, extinct volcanoes, forests, rivers, lakes wildlife and fertile soils.

Now that you plan your next holiday in Kenya or are already within the country where would you like to visit? There are many interesting tours and safaris that

one can take from the main cities and towns that are from Nairobi, Mombasa, Malindi, Kisumu, [Nyeri](#) , [masai mara](#), [Amboseli](#), etcetera etcetera.

One can also use [Contact US form](#), to make any enquiries to Kenya, Tanzania and Rwanda.
