 DECK SUMMARY **\$0.00**

New Paris, Indiana, United States, 2019-Oct-15 — /EPR Network/ — Veda Industries recent relaunch of the company's website focused on Boat Seats and Boating Accessories included the introduction of Veda's all new, Pontoon Boat Deck Designer application tool.

The drag and drop designer application allows users to customize their pontoon boat deck with over 20 different pieces in a variety of seating sizes, shapes, features, and color options. A Veda representative said, "We're already

getting positive reviews on the boat seat Deck Designer tool. It gives boat owners the ability to customize the planner to their boat's length, width and door arrangement,

then easily drag and drop the individual pieces to the deck. They can then rotate and position each piece to visualize how everything will look and fit before they buy.”

The company collaborated closely with their web developers at Precept Partners in redesigning the website and creating the Deck Designer software. Precept manager, Stephen Antisdell said, “We paid particular attention to making the Deck Designer tool both intuitive and fun to use, with instant pricing calculations as each piece is added to the user’s virtual boat deck.”

Veada’s redesigned website also features a wide variety of helpful information on installing boat seats, boat seat cleaning, and a marine upholstery guide in the FAQ section, along with fishing boat seats, helm boat seats, seat pedestals, boat cup holders, marine vinyl upholstery, tent and camper coverings, plus payment options that includes Free Shipping offerings and Free Fabric Samples.

The company also offers free marine vinyl samples sent on request. A summary of applications and helpful tools for all boat owners:

About Veada Industries

Veada Industries, Inc. is a boat seating and RV tent manufacturing company founded over 50 years ago by Virgil and Ada Steury. Today, Veada is well-respected in the world of boat seating and is still family-owned and operated. The company operates out of their state-of-the-art manufacturing facility in New Paris, Indiana, producing a wide assortment of boat seats, pontoon boat seats, boat seat groups, fishing boat seats, helm seats, boat lounge seats, and boating accessories as well as tents and cushions for pop-up campers. This diverse product line reflects the creativity and skill of Veada’s highly qualified research and development team. Details at www.Veada.com.

About Precept Partners

Established in 2003, Precept Partners provides Internet strategies, website design, development and online marketing services to clients in e-commerce, retail, manufacturing, health care, technology, the arts, and not-for-profit sectors. Recognition for their work includes coverage in The Wall Street Journal, Business Week, NPR, and Inc magazine, with client awards that include the Inc 500, the Internet Retailer 500, the Hot 100 Best Retail Websites award, the Webby award and many others.
